I interacted with her more than the others. She has been helpful, but sometimes I feel that her feedback on my papers were about wanting more information but the prompt was setup for an overview. So she wanted beyond the prompt, which felt a bit unfair.
okay
She is amazing at giving alternate examples of what professor Janata is teaching in class!
Very helpful and understanding
The overall feedback received from Lauren was excellent and very helpful in pointing me in the right direction on how to go about my future assignments. Excellent TA.
I have never met this TA.
Sometimes the TAs are not able to answer very detailed questions on the slides, but are good at explaining concepts.
