I did not get to meet Lauren Fink in person, but with my experience with the other TAs I can generalize that the office hours offered by them were by far extremely helpful. They were open to answer any question and encourage us to ask for any clarification of the material.

Comments

I know several people in the class, including myself, that lost points because of system malfunctions. The teacher and TA did nothing to mend this even though it is happening to multiple students. So long as the student puts in their own work, they should be able to still receive points if it was do to a system error.
