What was the most valuable part of the course for you? Why?

It was learning about ways to take apart a song and know what each part meant. Also, looking back on history and to see how that was expressed through music because music was all people had.

Would you suggest this class to your friends? Why or Why not?

Yes because it broadens your perspective and allows you to look at things more closely.

In terms of your general UCD education, what have you learned from this class that is valuable to you?

I learned to voice my opinions because people will only know what you feel if you tell them. There is no room to be afraid to speak up.
