This course was one of the few bio courses I have ever taken where I truly felt engaged during class and actually learned during class instead of sitting there confused until looking over the slides later on while studying. Really enjoyable and intellectually stimulating class.

Lauren was very funny and helpful. I liked her a lot as a TA and she made it clear which concepts were important and which concepts we were thinking too deeply about for the class. She kept discussion interesting. I would enjoy having her as a TA again! :) Thanks for all your help, Lauren!

Lauren's quirky explanations made a lot more sense most of the time than the professor's. She is great at clarifying things that were presented in lecture in a non-intuitive manner. I appreciate her efforts and genuine desire to help students understand. She also wears the coolest socks sometimes.
